

A COMPLETE CREDIT CARD SOLUTION

for your car wash site

available with PayTech Solutions

The Nayax Paywave System can be fitted to:

- Automatics
- Self serve bays
- Vacuums
- Dog washes
- Vending machines
- Change machines

Advantages of the Nayax Paywave System

- 1 It offers a complete system for the car wash, paywave, insert, loyalty and web based backend for reports and loyalty management
- 2 Up to 20% of credit card business is still by way of card insert, so if that part is missing then 20% of revenue may be lost
- 3 PayTech offers technical support on both the installation and ongoing support of the Nayax terminal
- 4 The Nayax terminal can offer multiple pricing lines (not just 1 price)
- 5 The Nayax terminal has voice prompts and can be connected to outdoor speakers if required
- 6 Nayax customers can change the pricing on the Nayax terminals themselves
- 7 Nayax customers if they are using a sim card can activate the service or wash remotely using a mobile phone
- 8 The Nayax system offers the marketing / loyalty fob system without any additional charge
- 9 The Nayax system provides the most detailed remote backend system to assist car wash owners operate their business
- 10 Nayax offers a world-wide proven system, with more than 6,000 x Nayax terminals in daily operation throughout Australia

Currently we have
Nayax terminals fitted
