

The Car Wash Care Taker

Take a Break Without the Worry

My name is Richard Brown,
and I love the Car Wash Industry

After recently finishing as the Manager of
Robina Car and Dog Wash on the Gold Coast
(to take a well-earned break!)

I now find myself being asked to look after
Carwash sites so their owners, operators,
managers and other staff can take a break as well!

How does it Work?

- Contact me so I can find out what you need and how I can help you
- If you are happy to move forward then I would come to your site to meet you, get a feel for your operation and discuss your requirements
- Confirm Dates for handover

If my service could benefit you, please contact me
I look forward to hearing from you

Richard Brown
